February 26, 2009

Dear Resident,

The City has been working hard each budget year to make improvements to the city's infrastructure. The City Council has given clear guidance via support and direction through funding to make significant improvements in streets, drainage and solid waste removal for our citizens.

This year, we have made significant improvements on the north side of the Velasco Blvd. in a street and drainage improvement project. Phase two of this project is imminent on the south side of Velasco Blvd. Anytime we start a major street and drainage project that disrupts the normal flow of vehicular traffic, we meet with the affected residents to identify our plan and listen to your concerns.

As with any major roadway construction, there will be inconveniences during this time of progress. We would like to invite you to a public citizens meeting regarding the next phase of the Velasco project on Tuesday, March 10, 2009 at 6:00pm in the City Council Chambers at 430 N. Brazosport Blvd. (Freeport Police Department on the first floor). We welcome your attendance and input.

In advance, we thank you for your input, cooperation and understanding. If anytime during this project you have a concern, a question, or want to discuss any aspect of the job please call upon us. We are always eager and willing to answer questions.

Freeport Street Department Supervisor:

Mr. B.R. Williams (979) 233-4241

Rene Damian and Associates Engineer Project Coordinator:

Mr. Rene Damian (979) 233-7177

Jeff Pynes

Chief of Police

Interim City Manager

Police Administration (979) 239-1732

City Hall Administration (979) 233-3526
