Investment schedules presented per the provisions of the Texas Code Chapter 2256 (Public Funds Investment Act) and the City's Investment Policy.

The City requires its depository banks to provide collateral for all deposits in excess of Federal Deposit Insurance. At the end of the quarter, the market value of collateral pledged by Baker Bond Accounting to the City was \$15.77M, 150% of deposits.

Unrealized gain/loss is the difference between the market value of the City's securities and what it paid for them. Gains and losses are realized only when a security is sold prior to maturity. Since it is the City's practice to hold all securities to maturity, it is unlikely that unrealized gains and losses will be realized. As of the end of the quarter, the City had no unrealized gains or losses.
