City Manager

September 3, 2019

Dear Mayor & Council:

In accordance with our City Charter and State law, the City of Freeport Proposed Budget for Fiscal Year 2019-2020 is hereby presented. This year's budget maintains existing service levels, invests in city infrastructure, and implements City Council priorities.

Financial Summary

The Proposed Budget has been developed utilizing the existing tax rate of \$0.628005 which is below the estimated roll back rate which still maintains current service levels throughout all departments. At this time, the Proposed General Fund Budget has expected excess revenues over \$142,000 The total Budget (which includes all Funds) is approximately \$25.1 million.

Short Term Factors

There are several short-term factors that were taken into consideration during the development of this budget:

Street Maintenance & Rehabilitation

Street maintenance and rehabilitation continues to be an ongoing issue and priority for the City. To address this, the City has been investing money in its infrastructure each year. In FY2019-2020, over \$1.2 million will be put into street projects.

Housing

The existing housing stock within the city has a high proportion of homes over 30 years in age. The median home value is lower than comparison communities and many older homes are in need of repair or improvement. Safety concerns with some existing buildings require involvement of City code enforcement personnel.

Water & Wastewater

The City is plagued by a leaky sanitary sewer system. Whenever it rains infiltration and inflow (I&I) enters into the system overwhelm the collection system's capacity in many areas all over the City. In 2014, the Texas Commission on Environmental Quality (TCEQ) and the city entered into a voluntary compliance agreement in which the city agreed to take steps to mitigate and

reduce I&I. Freese and Nichols has been asked to review that order along with any measures the city has taken in the last 5-years to comply.

The city also suffers from frequent water main breaks and leaks. Aging underground infrastructure is the cause, and the only solution is to replace the infrastructure with new lines and valves.

Finally, the city lacks up to date accessible mapping of all of our water and sewer infrastructure. All water and sewer infrastructure should be geo-located, and the data entered as a separate layer on a GIS system, for efficient use and maintenance.

The City recently increased water and wastewater rates to alleviate the burden of past cost increases which continue to rise every year, however; a utility rate study is underway to determine the true costs and appropriate rates to provide adequate funding for both ongoing operations and maintenance as well as capital investment in infrastructure.

Stormwater

The city for the last 5 years has been a MS4 (Multiple Separate Storm Sewer System) Community as mandated by TCEQ and the EPA. This added another unfunded layer of mandatory enforcement and mitigation responsibility on the city.

While the city's levy and pump system were well designed, there are still a few areas, like under the railroad trestle on 2nd street, that need additional evaluation and additional infrastructure. Also, the City needs to map and quantify all of its below ground and above ground drainage system and implement more systematic infrastructure maintenance.

Dedicated funding for all of these issues can be established through the development of a Stormwater utility. Like water and sewer, a stormwater utility assesses a monthly or annual stormwater fee that is permanently restricted to storm water maintenance and improvements.

Municipal Complex

It has been suggested that the city should consider the relocation of all City Hall, Police Park and Street department services to the O.A. Fleming Elementary School property. The property and building seem to be sufficiently sized to allow for the rehabilitation and relocation. A consolidated campus would allow for more efficient and cost-effective management, better accountability and easier accessibility by the public.

Before further consideration and acquisition of the property from the school district, it is recommended that a planning and feasibility study be completed on the project. BRW Architects is well known and recognized throughout the State for public improvement projects from city halls, fire and police stations and parks. They were requested to provide a proposal for conducting a full feasibility study and preliminary architectural design on the OA

Fleming building to consolidate all city functions to that property to greatest extent practicable. The cost of that proposal is \$54,500 - \$66,500.

Re-Codification of City Codes and Ordinances

Most ordinances adopted by City council are codified into the Freeport Municipal Code. The Freeport Municipal Code provides a single source for all laws and regulations specific to Freeport. It is maintained by American Legal Publishing both in hard copy and digitally with a link on our website for easy access by residents.

Once a year the city secretary submits all ordinances that have been adopted to American Legal Publishing, and they make changes to the code reflected by the ordinances. They send the city inserts in which pages from the code are removed and replaced with the new pages. It is recommended that every 10-15 years (depending upon how many ordinances have been adopted) the city's entire code book be reviewed and re-codified. It has been more than 20 years since the last overall re-codification of our code of Ordinances was completed.

As annual and/or semi-annual changes are made to the Code of Ordinances, there is opportunity for errors and inconsistencies to occur. A change made by a new ordinance may impact multiple areas of the Code book and sometime indirect references may be missed. Additionally, changes to state law often times can overrule local codes, making local regulations invalid or unenforceable. Finally, as technology and society changes, legal references may need to change to keep pace. The cost of a complete re-codification is approximately \$14,000.

Electronic Records

In today's day and age, cities are becoming ever more digitally oriented. In an era that demands more and more transparency, responsiveness to public information requests is very important. Freeport has tried to keep up, and many documents are scanned by various departments, however that digital data is not complete, not well-organized, nor searchable. The new Incode version also allows for a separate stand-alone document management component.

Implementation of Legislative Changes

The last legislative session has had an impact on local government. The effects of this past session will start going into effect this fall. Adjustments to operations and budgets will be adjusted over the upcoming year as the impact is realized.

Long Term Factors

There are several long-term factors that were taken into consideration during the development of this budget:

Annexation

The city of Freeport is limited geographically in its ability to support large new residential development tracks. While there are many scattered sites for residential development, and the number of new residential construction permits continues to increase rapidly, Freeport will struggle to add the "roof tops" it needs in order to significantly change the trajectory of retail development here. The solution lies in annexation.

Both the scope and legal ramifications of aggressively pursuing annexation needs planning. Annexation laws in recent years have become very complicated and cumbersome but it is still possible to do the annexation necessary to allow for future residential growth and retail growth. We will need to engage the planning and engineering services of Freese and Nichols, along with the annexation experts at Olson and Olson to make this happen. It is recommended that we pursue this as quickly as possible because there has been a continuing effort in Austin to curtail cities' ability to grow through annexation.

Issuing a General Obligation and Utility Debt (Bonds)

Many of the infrastructure needs identified above and in these departmental plans: from water sewer and drainage to a major street and alley improvements, to a new city hall complex, and major park development cannot be seriously considered without issuing debt. Water and sewer debt can be issued on its own as a revenue bond without a bond election, so long as utility rates are structured sufficiently, and reserve requirements are met. Streets, parks, city hall complex, or drainage projects (without setting up a storm water utility) should only be considered with a general obligation bond, which requires a referendum voted on during an election.

Major Changes to General Fund Revenues

Overall the projected revenues for the FY 2019-2020 General Fund are over \$17 million – over \$666,000 more than last year.

Property Tax

Property Tax valuations have increased by an average of 6.3% over the last five years. The property tax rate of \$0.628005 has been consistent since FY2016-2017. The average collection rate over the total levy is 101% (this includes prior year collections). However; for budgetary purposes, 94% collection rate is assumed for the current year.

Sales Tax

■ The City has experienced a 5.2% annual increase in Sales Tax over the last 10 years, therefore; staff has included a conservative 4% increase over actuals for the upcoming year.

Industrial Development Agreements

The City has three Industrial Development Agreements: Brazosport IDA (Interlocal with Lake Jackson and Clute), Freeport IDA, and Freeport LNG. Brazosport IDA and Freeport IDA, are calculated based on property values or CPI – whichever is greater. Freeport LNG Industrial District payments are made in accordance to a payment schedule outline in the agreement.

Other Taxes

• Other Taxes includes franchise fees and Mixed Beverage Tax. These taxes have been updated based on actuals year to-date.

Fines & Forfeits

• Court fines and forfeits are projected to increase due to the increase in citations and proactive collection of outstanding payments.

Charges for Service

- Interlocal and Intergovernmental income has been separated from Ambulance Revenue to accurately reflect revenue from calls for service.
- Golf Course Revenue has been updated to on prior and current actuals with the largest increase in Merchandise sales.
- Parks & Recreation Rentals have been lumped into Parks Rental due to lack of consistent tracking in prior years. Moving forward, each rental property will be individually tracked.
- Solid Waste income is anticipated to increase by 10% over actuals due to the recent rate increase.

Intergovernmental Income

- Under Intergovernmental Income, EMS anticipates continued reimbursement from the Texas Health and Human Services Commission proportionally to estimated ambulance service charges (\$150k).
- The City has interlocal agreements with the City of Oyster Creek and Commodore Cove to provide EMS services these contributions are reflected under EMS Rev Interlocal (\$233k).
- EMS will be seeking a grant for an AED program under Grant Revenue.
- A SECO Grant and grant from H-GAC for PD are anticipated and will be amended once awarded.

Investment Earnings

• The City has been earning significant interest on the \$5.5M received from Dow. As the City spends this money, interest earnings are anticipated to decrease accordingly.

Lease Income

■ The City has several facilities that it currently leases anticipated to bring in over \$282,000 in FY2019-2020 Lease Income.

Licenses & Permits

 Revenue has been added under Permits-Misc. to account for anticipated Engineering Services needed for new plat and plan submittals. This revenue is offset by an expenditure under Building.

Major Changes to General Fund Expenditures

Overall, the General Fund is expected to have over \$188,000 in excess revenues. Additionally, there is excess fund balance that staff is proposing to use towards Capital Expenses of \$1.7 million.

Employee Compensation and Benefits

- The City provided a one-time lump sum payment in FY2017-2018 but did not include salary increases in FY 2018-2019. Therefore; in order for the City to remain competitive, a 3.5% increase has been included under Salaries as a placeholder.
- The City solicited proposals for Group Medical Insurance for the first time in many years. As a result, the City will experience an overall decrease in the cost of Group Insurance due to significantly lower medical insurance premiums. Part of these savings are proposed to be used for the addition of employee dental, vision, and 20% towards dependent medical insurance in FY2019-2020. These benefits will increase the competitiveness of the City's compensation package during future recruitment and ongoing retention.
- The City's contribution to the Texas Municipal Retirement System (TMRS) has been increased due to an increase in rates starting January 1, 2020.
- Unemployment Insurance was previously accounted for under Administration but is proposed to be allocated according to Department.

Utilities & Fuel

- Utilities have been adjusted based on prior year actuals and current year projections.
- Fuel has been updated based on actuals to-date and year end projections in conjunction with Consumer Price Index percentages.

Administration

• The Mayor and Council Department has been brought under Administration for simplicity - the majority of this change has increased Services and Sundry line items.

- Funding has been included under Services for a feasibility study for relocation of City Hall, Police, Park and Street Department services to the OA Fleming Elementary School Property.
- The part-time HR Assistant is proposed to be upgraded to full-time. This cost is offset by bringing payroll back in-house.
- No new capital expenditures are proposed for FY2019-2020.

Municipal Court

- In FY2018-2019 Court Security and Technology expenses were moved into their own funds.
- A Court Clerk position was added in FY2018-2019, this addition is offset by additional Court Revenue.

Police Department

- Under Service Contracts: a firewall update is proposed to maintain CJIS Requirements (\$35k), a maintenance warranty for Watch Guard Body Cameras has been added (\$6k), funding for LPR Camera Maintenance (\$10k), and copier service moved from Narcotics (\$7k).
- Narcotics have been moved to their own Special Revenue Funds
- Funding for Cellbrite Phone Detective Subscription has been added under Telephone (\$3k).
- Seven computers are past their end of life date and require replacement and four computers will require software updates before January 1, 2020 (the net impact after other deductions is \$1,000 under Office/Computer Supplies).
- One Undercover Unit & Two Patrol Units are proposed to be replaced (\$157k) and one Square3 Exchange Server for inhouse e-mails (\$24k) is proposed under Capital Outlay.

Fire/Emergency Management & EMS

- The addition of an Administrative Assistant is proposed along with a placeholder for salary adjustments for command staff.
- Certification pay has also been increased to address step up pay in the absence of shift supervisors.
- An AED Program (\$16k) has been added under EMS/Other Supplies, this has been offset by anticipated grant revenue.
- Collection Agency fees were previously reduced from Ambulance Revenue, these have been moved to an expense.
- EMS was brought into the General Fund in FY2018-2019.

Streets & Drainage

- The purchase of a new Concrete Mixer (\$36k) and funding for 2019-2020 Street Projects (\$1.23M) is proposed under Streets/Capital Outlay.
- Funding has been included under Capital Outlay to upgrade the City's Fuel System (\$25k) under Service Center/Capital Outlay.

Building & Code

- Funding for Engineering (\$30k) has been proposed under Building/Professional Services but is offset by Permit Revenue.
- Funding to Demo unsafe structures (\$50k) is proposed to remain funded.
- A new grant program for owner occupied housing rehabilitations (\$50k) and a Zoning Ordinance Overhaul (\$50k) is proposed under Code/Other Services.

Parks & Recreation

- Covers (\$15k) for the Exercise Equipment at Community House Park and Oscillating Fans (\$6k) for FMP Pavilion are proposed under Parks/Capital Outlay.
- Replacement of the Recreation Center Roof (\$45,000) is proposed under Recreation/Capital Outlay.
- Expenditures for the Sr. Citizen's Commission and Library have been reduced to prior year actuals and current year projections.

Golf Course

- Eliminated one full time clerk and replace with three part time employees to reduce costs and help with staffing estimated annual savings of \$1,835.
- Increasing our chemical budget \$10,000. This has not been increased in 9 years
- Merchandise expenses have been increased to keep up with current demand and will be offset by revenue.
- Lease purchases are anticipated to be paid in FY2018-2019 and therefore have been removed from Cart Rental Fees and Debt Service in FY2019-2020.

Historical Museum

- Renovations to the Heritage House (\$30k) are proposed to address safety concerns under Capital Outlay.
- Funding for KidFest (\$20k) has been added under Special Events.

Transfers

• A one-time transfer (loan) is proposed for the Water & Sewer Fund (\$1.5M) to fund capital projects in addition to \$250k to cover the operating loss.

 A transfer to the Streets & Drainage Fund (\$300k) is proposed to address drainage and stormwater concerns.

Water & Wastewater Utility Fund

- Telephone was increased for SCADA communication.
- Resale Water was increased due to a rate increase by Brazosport Water Authority.
- Veolia Contract Operations was increased by 1.8% (CPI) per contract.
- A placeholder for Capital Projects (\$1.5M) has also been proposed.

Debt Service Fund

The City paid off its 2003 Certificate of Obligations in FY2018-2019 leaving the 2008 Certificate of Obligations as the only outstanding bond. While there are plans to issue new debt, this will not occur until FY2019-2020. Therefore; staff proposes upfronting part of the FY2020-2021 2008 Certificate of Obligation payment in FY 2019-2020. This will allow the City's Interest and Sinking Property Tax Rate as well as its overall Tax Rate to remain level.

Other Funds

- The Capital Projects Fund is an existing fund that has an outstanding balance of \$54,000. Expenditures have not been budgeted in prior years; therefore, staff recommends utilizing this funding for qualifying infrastructure projects in FY 2019-2020.
- The Streets & Drainage Fund is an existing fund has not been used in recent years. Therefore; staff proposes transferring funding from the General Fund to start allocating money for capital projects related to Streets & Drainage. While, this could be done under the General Fund, having a sperate fund allows the City to track and keep in savings in the fund for future infrastructure projects.
- The Hotel-Motel Tax Fund allocates the use of hotel occupancy tax (HOT Tax) revenue is specified by Chapter 351 of the Texas Tax Code. HOT tax revenue may only be used to promote tourism and the local convention and hotel industry. The Hotel/Motel Tax funds specific tourism initiatives. FY2020 expenditures are for regional tourism initiatives.
- The Court Security Fund was established in FY2018-2019 and is used to fund computer and software items related to Court activities.
- The Court Security Fund was established in FY2018-2019 and is used to fund security activities related to the court, including the Bailiff.
- The State and Federal Seized Funds are newly established Special Revenue Funds to appropriately track State and Federal Narcotics seizures that may only be used for Police activities. There are not any planned expenditures in FY2019-2020.

The City works very hard to find ways to live within our means. The City's revenue limitations and continuous fluctuations in the market, regulatory and legislative mandates require continual examination of the types and levels of service we can provide to our citizens. As a city government, we will meet the financial challenges and continue to strive for an elevated level of service to this community.

Respectfully,

Tim Kelty City Manager

Community Information & History

The Community

Ideally situated on the central Gulf Coast, the City of Freeport, Texas, is approximately 60 miles south of Houston and 45 miles southwest of Galveston in Brazoria County. Freeport is home to 12,153 residents who

enjoy beautiful beaches, outstanding offshore fishing, and a welcoming, small-town atmosphere, and is part of the Brazosport, Southern Brazoria County area.

Freeport is home to Port Freeport, one of the most accessible ports on the Gulf Coast. The Port first came into being more than 100 years ago when the first jetty system was built in Freeport. Since that time, it has become one of the fastest growing ports on the Gulf Coast and is a leading economic catalyst for the Texas Gulf Coast. The port currently ranks 26th among U.S. ports in international cargo tonnage handled. With a current channel of 45-foot depth and just three miles from open Gulf of Mexico waters, Port Freeport is achieving remarkable profits, enjoying growth at a phenomenal rate, and creating thousands of jobs in Brazoria County.

Freeport is a great place to live, work, and raise a family. Brazosport ISD, an award-winning school district, serves several communities including Freeport, and encompasses 200 square miles in Brazoria

County. Brazosport College, conveniently located in nearby Lake Jackson, offers science and liberal arts associate degrees.

Freeport offers numerous family-oriented water and outdoor activities, including beach combing, water skiing, jet skiing, inshore fishing, offshore fishing, surf fishing, deep sea diving, and swimming. Freeport has 3.5 miles of beach along the Gulf of Mexico, and the City prides itself on providing a litter-free and clean beach for all families to enjoy. The City hosts several fishing tournaments each

year for children and adults. At Bryan Beach, you can enjoy a stroll along the beach looking for sea shells or, for the more adventurous, jet skiing or wind surfing is available.

The City's public beaches, municipal golf course, and park events attract thousands of tourists to Freeport each year. Truly an outstanding birding location, Freeport ranks as one of the top areas in the nation for a number of species. The Freeport Municipal Park is home to many family-oriented events each year, including the Texas Joy Ride Rod Run, a unique event in which hundreds of antique cars come from all over the United States to participate in the competition and enjoy a fun weekend in the park.

History

Freeport has a rich history. In 1528, Cabeza de Vaca landed in the area and named the river "Los Brazos de Dios." In 1822, Stephen F. Austin landed at the mouth of the Brazos River and founded Velasco. In the next 15 years, about 25,000 people entered the Republic of Texas through Velasco. In 1836 following the decisive battle of San Jacinto, Velasco was made the first capital of the Republic of Texas by interim President David G. Burnet.

In 1929, the river was diverted south of town, leaving the Old Brazos riverbed as a protected harbor leading to the Gulf of Mexico. Originally two towns, Velasco & Freeport, on opposites of the Old Brazos River, joined to become the City of Freeport in 1957. Freeport is a part of the Texas Independence Trail.

Demographics

The City has a median household income of \$42,520 and a median home value of \$112,000.

Organizational Chart

HOW TO USE THIS BUDGET DOCUMENT A READER'S GUIDE

The City of Freeport Budget Document provides comprehensive information about City policies, goals, objectives, financial structure, operations, and an organizational framework for the City. It provides the reader with estimates of revenue or resources available, and appropriations, or expenditures for the Fiscal Year 2019-2020.

This budget document includes mission statements, summaries, accomplishments, objectives, staffing levels and expenditures for each department.

BUDGET FORMAT

The document is divided into 11 sections: Introduction, Summaries, General Fund, Water & Sewer Fund, Debt Service Fund, Internal Service Funds, Special Revenue Funds, Capital Expenditures, Personnel Counts, Financial Policies, and the Appendices.

The Introduction Section includes the budget message, which explains the major policies and issues along with the budget process and long range plans for the City. It also includes a reader's guide on how to use this document, community information, budget-fund structure and relationship, budget process and calendar.

The Summary Section contains various summaries of the budget. The City budget is organized into funds. Each fund is a separate accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities, residual equities, and the changes therein are segregated and recorded.

The next three sections are the Fund Sections and are organized as follows: fund summary, statement of revenues, and expenditures by department. The Debt Service Fund section includes the fund summary and scheduled payments for outstanding debt. It is followed by Internal Service Funds (Building Maintenance and Vehicle Equipment Replacement Fund).

The Special Revenue Funds section consists of designated revenues. These revenues can only be used for specific purposes, some of which are mandated by state or federal regulations and/or laws.

The Capital Expenditures section includes the current projects and other capital expenditures.

The Financial Policies section includes long standing financial policies and practices enforced by the City relating to various financial aspects of City operations.

The Appendices section includes reference items such as a glossary of terms, Freeport Economic Development Corporation, along with the budget ordinance, and property tax rate ordinance.

If you need additional information you may contact Finance at 979-871-0107.

BUDGET PROCESS

Budgetary Basis of Accounting

Budgets for the General, Special Revenue and Debt Service funds are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). The budgetary basis of accounting is different than the basis of accounting for auditing purposes. The City does not budget for all component units that are accounted for in the Comprehensive Annual Financial Report (CAFR).

Strategic Plan

The City of Freeport's 2019 Strategic Plan provided a roadmap for identifying needs over the next five years. The goal of the Plan is to provide a framework through which to manage financial decisions in order to achieve the City's strategic goals and objectives. The Plan includes expenditure forecasts and assumptions. The Plan is used as a basis and guide for the development of the annual budget.

Budget Process

The budget process starts many months before the adoption of the annual budget. In the month of May or June each year, the departments submit their budgetary needs to the City Manager. On or before the first day of August each year, the City Manager is required to submit a budget to the City Council for the ensuing fiscal year with an accompanying message. The budget and all supporting schedules must be filed with the City Secretary when submitted to the City Council and open for public inspection.

The City Council must analyze the budget, making any additions or deletions that they feel appropriate and must, at least ten days prior to the beginning of the next fiscal year, adopt the budget. On final adoption by the City Council, the budget takes effect for the next fiscal year.

Adoption of the budget constitutes adoption of an ordinance appropriating the amounts specified as proposed expenditures and an ordinance levying the property tax as the amount of the tax to be assessed and collected for the corresponding tax year. A separate ordinance is adopted to set the tax rate. Estimated expenditures cannot exceed available resources. Unused appropriations may be transferred to any item required for the same general purpose, except when otherwise specified by the City's charter or state law.

Under conditions which may arise and which could not reasonably have been foreseen in the normal process of planning the budget, the City Council may amend or change the budget to provide for any additional expense in which the general welfare of the citizenry is involved. These amendments must be by ordinance, and become an attachment to the original budget.

Budgeted Fund Structure

FUND DESCRIPTIONS:

<u>General Fund</u>: Accounts for all financial resources of the general operations except for those required to be accounted for in another fund. The General Fund generates the majority of its revenues from taxes, charges for services and franchise fees.

<u>Debt Service Fund</u>: Used for the payment of principal and interest on debt issued by the City as well as other fees associated with the issuance of debt.

<u>Enterprise Fund</u>: Used to account for the provision of water and wastewater services. All activities necessary to provide such services are accounted for in this fund.

Special Revenue Fund: Used to account for proceeds of specific revenue sources or legally restricted funds.

Internal Service Fund: Used to account for operations that are financed by users of the fund.

Changes in Fund Balance

The City strives to maintain an undesignated General fund balance equal to 25% of budgeted expenditures for the General Operating Fund. In other operating funds, the City shall strive to maintain a positive unassigned fund balance (working capital) position to provide sufficient reserves for emergencies and revenue shortfalls. In addition, the city will seek to maintain a working capital (current assets minus current liabilities) balance equal to 33% budgeted expenditures for the Water and Sewer Utility Enterprise fund.

In FY2017-2018 the City received a one-time payment from Dow for a subsurface lease in the amount of \$5.5M. Therefore, the City has made over \$2.7M in one-time capital investments in FY2018-2019. This includes paying off all lease purchase agreements (\$1.3M), HVAC improvements to City Hall and RiverPlace (\$645K), Demolition of Old City Hall and Community House (\$67K), and additional concrete street repairs (\$765k). A one-time transfer (loan) is proposed for the Water & Sewer Fund (\$1.5M), recurring transfer to Water & Sewer (\$250k), and the Streets & Drainage Fund (\$300k) in FY2019-2020.

^{*}Includes all years as of June 30, 2019. Current year collection rate is 96.56%

Sales Tax 13.8%

The City has experienced a 5.2% annual increase in Sales Tax over the last 10 years, therefore; staff has included a conservative 4% increase over actuals for the upcoming year.

Industrial Districts 44.8%

The City has three Industrial Development Agreements: Brazosport IDA (Interlocal with Lake Jackson and Clute), Freeport IDA, and Freeport LNG. Brazosport IDA and Freeport IDA, are calculated based on property values or CPI – whichever is greater. Freeport LNG Industrial District payments are made in accordance to a payment schedule outline in the agreement.

	Expiration	Payment	Payment	Annual
Agreement	Year	Frequency	Amount	Amount
Brazosport IDA	2026	Bi-Annual	2,243,488	4,486,977
Freeport IDA	2026	Bi-Annual	779,390	1,558,780
Freeport LNG	2029	Annually	1,775,000	1,775,000
Subtotal Industrial Deve	lopment Agreements			7.820.757

Franchise & Other Taxes

Other Taxes includes franchise fees and Mixed Beverage Tax. These taxes have been updated based on actuals year to-date.

Fines & Forfeits 12.3%

Court fines and forfeits are projected to increase due to the increase in citations and proactive collection of outstanding payments.

Charges for Service 2.7%

- Interlocal and Intergovernmental income has been separated from Ambulance Revenue to accurately reflect revenue from calls for service.
- Golf Course Revenue has been updated to on prior and current actuals with the largest increase in Merchandise sales.
- Parks & Recreation Rentals have been lumped into Parks Rental due to lack of consistent tracking in prior years. Moving forward, each rental property will be individually tracked.
- Solid Waste income is anticipated to increase by 10% over actuals due to the recent rate increase.

Revenue Summary General Fund

Intergovernmental

2.3%

- EMS anticipates continued reimbursement from the Texas Health and Human Services Commission proportionally to estimated ambulance service charges (\$150k).
- The City has interlocal agreements with the City of Oyster Creek and Commodore Cove to provide EMS services these contributions are reflected under EMS Rev Interlocal (\$233k).
- EMS will be seeking a grant for an AED program under Grant Revenue.
- A SECO Grant and grant from H-GAC for PD are anticipated and will be amended once awarded.

Investment Earnings

0.9%

The City has been earning significant interest on the \$5.5M received from Dow. As the City spends this money, interest earnings are anticipated to decrease accordingly.

Lease Income					1.6%
			Payment	Payment	Annual
Lessee	Location	Expires	Frequency	Amount	Amount
Amistad	City Hall		Monthly	750	9,000
Brazosport College	Museum		Annually	27,000	27,000

Expenditure Summary

General Fund

Salaries & Benefits

- A 3.5% increase has been included under Salaries as a placeholder.
- The City will experience an overall decrease in Group Insurance due to the significant lower medical insurance premiums. Part of these savings are proposed to be used for the addition of employee dental, vision, and 20% towards dependent medical insurance in FY2019-2020.
- The City's contribution to the Texas Municipal Retirement System (TMRS) has been increased due to an increase in rates starting January 1, 2020.
- Unemployment Insurance was previously accounted for under Administration but is proposed to be allocated according to Department.

Administration 11.4%

- The Mayor and Council Department has been brought under Administration for simplicity the majority of this change has increased Services and Sundry line items.
- Funding has been included under Services for a feasibility study for relocation of City Hall, Police, Park and Street Department services to the OA Fleming Elementary School Property.
- The part-time HR Assistant has been upgraded to full-time which will be offset by bringing payroll in-house.
- No new capital expenditures are proposed for FY2019-2020.

Municipal Court 1.0%

- In FY2018-2019 Court Security and Technology expenses were moved into their own funds.
- A Court Clerk position was added in FY2018-2019, this addition is offset by additional Court Revenue.

Police/Animal Control 26.8%

- Under Service Contracts: a firewall update is proposed to maintain CJIS Requirements (\$35k), a maintenance warranty for Watch Guard Body Cameras has been added (\$6k), funding for LPR Camera Maintenance (\$10k), and copier service moved from Narcotics (\$7k).
- Narcotics have been moved to their own Special Revenue Funds
- Funding for Cellbrite Phone Detective Subscription has been added under Telephone (\$3k).
- Seven computers are past their end of life date and require replacement and four computers will require software updates before January 1, 2020 (the net impact after other deductions is \$1,000 under Office/Computer Supplies).
- One Undercover Unit & Two Patrol Units are proposed to be replaced (\$157k) and one Square3 Exchange Server for inhouse e-mails (\$24k) is proposed under Capital Outlay.

Fire/EMS 12.5%

- Administrative Assistant position and placeholder for command staff salary adjustments have been added.
- Certification pay has also been increased to address step up pay in the absence of shift supervisors.
- AED Program (\$16k) has been added under EMS/Other Supplies, it will be offset by anticipated grant revenue.
- Collection Agency fees have been removed from Ambulance Revenue.
- EMS was brought into the General Fund in FY2018-2019.

Expenditure Summary

General Fund

Streets & Drainage 16.79

• The purchase of a new Concrete Mixer (\$36k) and funding for 2019-2020 Street Projects (\$1.23M) is proposed under Streets/Capital Outlay.

5.7%

4.6%

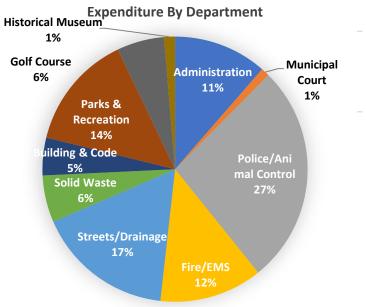

• Funding has been included under Capital Outlay to upgrade the City's Fuel System (\$25k) under Service Center/Capital Outlay.

 Solid Waste costs will increase proportionally to the Consumer Price Index (CPI) per the contract.

Building & Code

- Funding for Engineering (\$30k) has been proposed under Building/Professional Services but is offset by Permit Revenue.
- Funding to Demo unsafe structures (\$50k) is proposed to remain funded.
- A new grant program for owner occupied housing rehabilitations (\$50k) and a Zoning Ordinance Overhaul (\$50k) is proposed under Code/Other Services.

Parks & Recreation 14.1%

• Covers (\$15k) for the Exercise Equipment at Community House Park and Oscillating Fans (\$6k) for FMP Pavilion are proposed under Parks/Capital Outlay.

- Replacement of the Recreation Center Roof (\$45,000) is proposed under Recreation/Capital Outlay.
- Expenditures for the Sr. Citizen's Commission and Library have been reduced to prior year actuals and current year projections.

Golf Course 5.8%

- Eliminated one full time clerk and replace with three part time employees to reduce costs and help with staffing estimated annual savings of \$1,835.
- Increasing our chemical budget \$10,000. This has not been increased in 9 years
- Merchandise expenses have been increased to keep up with current demand and will be offset by revenue.
- Lease purchases are anticipated to be paid in FY2018-2019 and therefore have been removed from Cart

Historical Museum 1.3%

- Renovations to the Heritage House (\$30k) are proposed to address safety concerns under Capital Outlay.
- Funding for KidFest (\$20k) has been added under Special Events.

Administration General Fund

Leading by example, the Administration of the City of Freeport is focused on building and maintaining a strong management team, resolute regarding ethical and cost-effective municipal service, that meets the needs of the public, our employees and our elected officials. City Administration is responsible for the oversight of all City Departments.

FY2018-2019 Achievements

Solicited proposals for Group Medical Insurance resulting in significantly lower medical insurance premiums. Updated City's Employee Handbook, Investment Policy, Purchasing Policy, and Financial Management Policies. Brought on an Engineering firm to kickoff new infrastructure projects.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

The Mayor and Council Department has been brought under Administration for simplicity - the majority of this change has increased Services and Sundry line items.

Funding has been included under Services for a development of a Stormwater Utility (60k), Recodification of Ordinances (14k), and a feasibility study for relocation of City Hall, Police, Park and Street Department services to the OA Fleming Elementary School Property (66.5k). Additionally, \$47,000 has been moved from Professional to Other Services.

The part-time HR Assistant is proposed to be upgraded to full-time. This cost is offset by bringing payroll back in-house. Funding has been included under Marketing for the Billfish Classic Sponsorship (12.5k) and a new plotter and computers Citywide (35.9k)

Police/Animal Control Department

General Fund

The Mission of the Police Department is to protect, serve, model integrity, and demonstrate professionalism all while enhancing the quality of life for the residents by providing police services through shared responsibility with the public.

FY2018-2019 Achievements

Lowered the overall operational budget to better fit Police Department needs.

Made internal repairs to police department server to fix city wide cameras.

Replaced DVD Burner Hard Drive to maintain normal operations without replacing entire machine.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

Under Service Contracts: a firewall update is proposed to maintain CJIS Requirements (\$35k), a maintenance warranty for Watch Guard Body Cameras has been added (\$6k), funding for LPR Camera Maintenance (\$10k), and copier service moved from Narcotics (\$7k).

Narcotics have been moved to their own Special Revenue Funds.

Funding for Cellbrite Phone Detective Subscription has been added under Telephone (\$3k).

Seven computers are past their end of life date and require replacement and four computers will require software updates before January 1, 2020 (the net impact after other deductions is \$1,000 under Office/Computer Supplies).

One Undercover Unit & Two Patrol Units are proposed to be replaced (\$157k) and one Square3 Exchange Server for inhouse e-mails (\$24k) is proposed under Capital Outlay.

Fire & EMS Department

General Fund

The Fire & EMS Department consist of eighteen full time professional individuals that maintain the highest standard possible in serving the community. We provide fire and medical response to approximately 2500 calls on an annual basis in multiple types of hazards environments. We strive to maintain the positive relationship that we share with our community and enjoy being involved with on a daily basis.

FY2018-2019 Achievements

Taken delivery of a 2019 Spartan Fire Apparatus.

Updated bunker gear to meet current NFPA and TCFP standards.

Initiated local rescue training with local industrial partners.

Installed a state of the art hydraulic patient cot into one of our ambulances.

Revised protocols in order to provide the most up to date pre-hospital care available.

Sent employees to school to obtain Advanced Life Support certifications.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

The addition of an Administrative Assistant is proposed with a placeholder for salary adjustments for command staff.

Certification pay has also been increased to address step up pay in the absence of shift supervisors.

An AED Program (\$16k) has been added under EMS/Other Supplies, this has been offset by anticipated grant revenue.

Collection Agency fees were previously reduced from Ambulance Revenue, these have been moved to an expense.

EMS was brought into the General Fund in FY2018-2019.

Building & Code Department

General Fund

The primary mission of the Building Department is to provide quality service to the community that is knowledgeable, efficient, comprehensive and helpful to the public. The intention is to safeguard life, health, property and public welfare by regulating and controlling the construction, quality of materials, use of all buildings and structures within the City of Freeport. The department is responsible for the administration and enforcement of the codes and related Federal, State, and City adopted laws and ordinances.

The Code Enforcement Department will encourage a strong sense of pride and identity, dedicated to making today better than yesterday through the preservation, enhancement, restoration and promotion of the exceptional quality of life in the City of Freeport. The department will strive to provide excellent, professional, courteous customer service in a timely manner by fair and impartial administration and enforcement of the local and state codes. This is to be accomplished with the assistance of other City departments, public and private entities, as well as citizens of the City of Freeport.

FY2018-2019 Achievements

Revised Food Establishment Ordinance Chapter 111, which provided a pathway for mobile food vendors to operate legally in the City.

Successfully helped in providing a cleaner, safer, properties by a reduction of visual clutter (signs, debris, and trash) and the Demoed numerous unsafe structures within the City.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

Funding for Engineering (\$30k) has been proposed under Building/Professional Services but is offset by Permit Revenue.

Funding to Demo unsafe structures (\$50k) is proposed to remain funded.

A new grant program for owner occupied housing rehabilitations (\$50k) and a Zoning Ordinance Overhaul (\$50k) is proposed under Code/Other Services.

Streets & Drainage General Fund

The Street Department's mission is to promote economic vitality of the City through the efficient operation, maintenance, design, and construction of safe, economical and effective public infrastructure including the public rights-of-way, drainage, and storm water drainage systems. The department is responsible for operating and maintaining the public infrastructure of the City, providing infrastructure improvements, and maintaining the City's street system and rights-of-way, street signage, and flood/drainage system. The Service Center is an internal service established for the maintenance of the city's fleet that is under the Streets & Drainage Director.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

The purchase of a new Concrete Mixer (\$36k), Gooseneck Trailer (\$11k) and funding for 2019-2020 Street Projects (\$1.23M) is proposed under Streets/Capital Outlay.

Funding has been included under Capital Outlay to upgrade the City's Fuel System (\$25k) under Service Center/Capital Outlay.

Parks & Recreation General Fund

The mission of the Parks & Recreation Department is to improve the quality of life in the community by providing clean, safe and aesthetically pleasing parks and facilities for the enjoyment of the entire community. The Recreation Center provides a diverse menu of quality recreation programs that address citizen needs, encourage community health and wellness, and promote a lifelong recreational lifestyle. The Library is operated by the County, however; the City provides the facilities. The Senior Citizens Commission offers programs and activities for senior residents. The Parks & Recreation Department is also responsible for the maintenance of all City facilities and rentals.

FY2018-2019 Achievements

Completed the Splash Park, Exercise Equipment, solar lighting, and Beach Volleyball at Community House Park.

Landscaped medians on major thoroughfares.

Pool maintenance upgrades with sand filter and electronic monitoring.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

Covers (\$15k) for the Exercise Equipment at Community House Park, RiverPlace pier repairs (\$30k), and Oscillating Fans (\$6k) for FMP Pavilion are proposed under Parks/Capital Outlay.

Replacement of the Recreation Center Roof (\$45k) and Gym Floor (\$35k) is proposed under Recreation/Capital Outlay.

Expenditures for the Sr. Citizen's Commission and Library have been reduced to prior year actuals and current year projections.

Golf Course General Fund

Freeport Municipal Golf Course looks to provide our members and guests with a quality, affordable, and a friendly, family oriented facility to our community. We will provide our customers with great customer service and welcoming atmosphere. Our goal is to continue to increase our membership and focus on more youth and family events.

FY2018-2019 Achievements

Exceeded membership revenue goal as well as total members.

Increased our outside tournament play.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

Eliminated one full time clerk and replace with three part time employees to reduce costs and help with staffing - estimated annual savings of \$1,835.

Increasing our chemical budget \$10,000. This has not been increased in 9 years.

Merchandise expenses have been increased to keep up with current demand and will be offset by revenue.

Lease purchases are anticipated to be paid in FY2018-2019 and therefore have been removed from Cart Rental Fees and Debt Service in FY2019-2020.

A new putting green (\$20k) has been proposed under Capital Outlay.

Historical Museum General Fund

The Freeport Historical Museum staff and Board members are dedicated to enriching the quality of life for our community. Through historical artifacts, educational exhibits and entertaining events, we strive to promote the revitalization of Downtown Freeport and share the rich history of our city with all of our guests.

FY2018-2019 Achievements

The Museum Board and staff hosted the first Nutcracker Market in December, with over 30 vendors in attendance, live local entertainment, snow hill, carriage rides and a Movie in the Park.

Hosted a unique live historical exhibit of the facial reconstruction of a 3,500 year old skull found in Oyster Creek. We were able to share this exhibit county wide during a BCCA dinner.

Increased our Facebook followers by 35% and created an Instagram account for marketing special events and exhibits. We are able to target specific groups of interest in a much more cost effectively.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

Renovations to the Heritage House (\$30k) are proposed to address safety concerns under Capital Outlay.

Funding for KidFest (\$20k) has been added under Special Events.

Water/Sewer Department

Water & Sewer Fund

The Water and Sewer Enterprise Fund is used to account for operations of the water and sewer division and the construction of related facilities. The fund is financed and operated in a manner similar to private business enterprises where the intent of the City is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The acquisition, maintenance and improvement of the physical plant facilities required to provide these goods and services are financed from existing cash resources, the issuance of bonds (revenue or general obligation), impact fees and other City funds.

The City has one 2.25 MGD wastewater treatment plant, one 0.03 MGD water treatment plant, a collection system, 31 wastewater lift stations, three operational water wells, and a potable water distribution system which includes meters, pump stations and storage tanks. The City currently contracts out operations and maintenance to Veolia Water North America-Central, LLC. The annual fee increases proportionally to the Consumer Price Index for all Urban Consumers (US City Average).

The City receives its water through a water supply contract with the Brazosport Water Authority. The City agrees to take and pay for, whether taken or not, 2 million gallons of water per day. Additionally, the City shares the costs associated with the operation of a City of Oyster Creek sewer treatment plant. The percentage for sharing the operating expenses is determined based upon meter flow calibrations.

Major Changes In FY2019-2020

A 3.5% increase has been included under Salaries as a placeholder.

Group Insurance includes the addition of dental, vision, and 20% towards dependent medical insurance.

Telephone was increased for SCADA communication.

Resale Water was increased due to a rate increase by Brazosport Water Authority.

Veolia Contract Operations was increased by 1.8% (CPI) per contract.

A placeholder for Capital Projects (\$1.5M) has also been proposed.

Debt Service Fund 64

The Debt Service Fund is the mechanism through which the City accumulates resources for the payment of interest and principal on its long-term debts.

The Debt Service Fund receives the majority of its revenues through current property tax assessments collected through the Interest and Sinking (I&S) tax rate. This portion of the tax rate is typically equal to the tax rate that, when applied to total assessed value, provides revenue equal to the debt service payment. The City has no legal debt limits.

Fund 64 and Fund 65 have been combined in FY2019-2020 for simplicity.

The City paid off its 2003 Certificate of Obligations in FY2018-2019 leaving the 2008 Certificate of Obligations as the only outstanding bond. While there are plans to issue new debt, this will not occur until FY2019-2020. Therefore; staff proposes upfronting part of the FY2020-2021 2008 Certificate of Obligation payment in FY 2019-2020. This will allow the City's Interest and Sinking Property Tax Rate as well as its overall Tax Rate to remain level.

Payment Date	Payment Amount	Interest	Principal	Balance

Capital Projects Fund 63

The Capital Projects Fund is an existing fund that has an outstanding balance of \$54,000. Expenditures have not been budgeted in prior years; therefore, staff recommends utilizing this funding for qualifying infrastructure projects in FY 2019-2020.

Streets & Drainage Fund 14

The Streets & Drainage Fund is an existing fund has not been used in recent years. Therefore; staff proposes transferring funding from the General Fund to start allocating money for capital projects related to Streets & Drainage. While, this could be done under the General Fund, having a sperate fund allows the City to track and keep in savings in the fund for future infrastructure projects.

Hotel-Motel Tax Fund

Use of hotel occupancy tax (HOT Tax) revenue is specified by Chapter 351 of the Texas Tax Code. HOT tax revenue may only be used to promote tourism and the local convention and hotel industry. The Hotel/Motel Tax funds specific tourism initiatives. FY2020 expenditures are for regional tourism initiatives.

City of Freeport Financial Management Policies

The City of Freeport considers its goals, objectives and financial policy statements to be important integral parts of the budgetary process. The purpose of these policies is to safeguard the fiscal stability required to achieve the City's objectives and ensure long-term financial health.

Objectives:

- A. To guide City Council and management policy decisions that have significant fiscal impact.
- B. To employ balanced revenue policies that provides adequate funding for services and service levels.
- C. To maintain appropriate financial capacity for present and future needs.
- D. To maintain sufficient reserves so as to maintain service levels during periods of economic downturn.
- E. To promote sound financial management by providing accurate and timely information on the City's financial condition.
- F. To protect the City's credit rating and provide for adequate resources to meet the provisions of the City's debt obligations on all municipal debt.
- G. To ensure the legal use of financial resources through an effective system of internal controls.
- H. To promote cooperation and coordination with other governments and the private sector in financing.

Specifically, this policy framework mandates the pursuit of the following fiscal objectives:

I. Revenues

Design, maintain and administer a revenue system that will assure a reliable, equitable, diversified and sufficient revenue stream to support desired City services.

II. Expenditures

Identify priority services, establish and define appropriate service levels and administer the expenditure of available resources to assure fiscal stability and the effective and efficient delivery of services.

III. Fund Balance/Working Capital/ Net Assets

Maintain the fund balance, working capital and net assets of the various operating funds at levels sufficient to protect the City's credit worthiness as well as its financial position from emergencies.

IV. Capital Expenditures and Improvements

Annually review and monitor the condition of the City's capital equipment and infrastructure, setting priorities for its replacement and renovation based on needs, funding alternatives and availability of resources.

V. Debt

Establish guidelines for debt financing that will provide needed capital equipment and infrastructure improvements while minimizing the impact of debt payments on current and future revenues.

VI. Investments

Invest the City's operating cash to ensure its safety, provide for necessary liquidity and optimize yield.

VII. Intergovernmental Relations

Coordinate efforts with other governmental agencies to achieve common policy objectives, share the cost of providing governmental services on an equitable basis and support appropriate favorable legislation at the state and federal level.

VIII. Grants

Aggressively investigate, pursue and effectively administer federal, state and foundation grants-in-aid, which address the City's current priorities and policy objectives.

IX. Economic Development

Initiate, encourage and participate in economic development efforts to create job opportunities and strengthen the local economy and tax base.

X. Fiscal Monitoring

Prepare and present reports for the current and multi-year periods that analyze, evaluate and forecast the City's financial performance and economic condition.

XI. Accounting, Auditing and Financial Reporting

Comply with prevailing federal, state and local statutes and regulations. Conform to generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA) and the Government Finance Officers Association (GFOA).

XII. Operating Budget

Develop and maintain a balance budget that presents a clear understanding of the goals of the City Council.

I. REVENUES

The City shall use the following guidelines to design, maintain and administer a revenue system that will assure a reliable, equitable, diversified and sufficient revenue stream to support desired City services

A. Balance and Diversification in Revenue Sources

The City shall strive to maintain a balanced and diversified revenue system to protect the City from fluctuations in any one source due to changes in economic conditions that adversely impact that source.

B. User Fees

For services that benefit specific users, where possible the City shall establish and collect fees to recover the cost of those services. Where feasible and desirable, the City shall seek to recover full direct and indirect costs. City staff shall review user fees on a regular basis to calculate their full cost recovery levels, to compare them to the current fee structure and to recommend adjustments where necessary to facilitate City Council's policy decision regarding the level of support to be provided.

C. Property Tax Revenues/Tax Rate

The City shall strive to reduce its reliance on property tax revenues by revenue diversification, implementation of user fees and economic development. The City shall also strive to minimize tax rate increases.

D. Enterprise Funds User Fees

Enterprise funds user fees shall be set at levels enough to cover operating expenditures, meet debt obligations, provide additional funding for capital improvements and provide adequate levels of working capital and debt coverage. The City shall seek to eliminate all forms of subsidization to enterprise funds from the General Fund and seek to reduce general fund support to enterprise funds.

E. Administrative Services Charges

The City shall prepare a cost allocation plan annually to determine the administrative services charges due to the General Fund from enterprise funds for overhead and staff support. Where appropriate, the enterprise funds shall pay the General Fund for direct services rendered.

F. Revenue Estimates for Budgeting

To maintain a stable level of service, the City shall use a conservative, objective and analytical approach when preparing revenue estimates for current and multi-year periods. The process shall include analysis of probable economic changes and their impacts on revenues, historical collection rates and trends in revenues.

G. Revenue Collection and Administration

The City shall maintain high collection rates for all revenues by keeping the revenue system as simple as possible to facilitate payment. In addition, since revenue should exceed the cost of producing it, the City shall strive to control administrative costs. The City shall pursue to the full extent allowed by state law all delinquent taxpayers and others overdue in payments to the City.

II. EXPENDITURES

The City shall use the following guidelines to identify necessary services, establish appropriate service levels and administer the expenditure of available resources to assure fiscal stability and the effective and efficient delivery of services.

A. Current Funding Basis

The City shall operate on a current funding basis. Expenditures shall be budgeted and controlled so as not to exceed current revenues plus the planned use of fund balance accumulated through prior year savings.

B. Avoidance of Operating Deficits

The City shall take timely corrective action if at any time during the fiscal year expenditure and revenue re-estimates are such that an operating deficit is projected at year-end.

C. Maintenance of Capital Assets

Within the resources available each fiscal year, the City shall maintain capital assets and infrastructure at a sufficient level to protect the City's investment, to minimize future replacement and maintenance costs and to continue service levels.

D. Purchasing

The City shall make every effort to maximize any discounts offered by creditors/vendors individually or through aggregated cooperative purchasing with other governmental entities. Vendors with balances due the City will have payments due the vendor offset against the amount due the City. The City will follow state law as well as the Purchasing Policies adopted by the City Council concerning the amount of the purchase requiring formal bidding procedures and approval by the City Council. For purchases where competitive bidding is not required, the City shall seek to obtain the most favorable terms and pricing possible. Every effort will be made to include women and minority-owned by business enterprises in the bidding process.

III. FUND BALANCE / WORKING CAPITAL / NET ASSETS

Fund balance measures the net financial resources available to finance expenditures of future periods. The City Council recognizes that good fiscal management comprises the foundational support of the entire City. The City shall use the following guidelines to maintain the fund balance, working capital and net assets of the various operating funds at levels sufficient to protect the City's creditworthiness as well as its financial position from emergencies. In the context of financial reporting, the term fund balance is used to describe the net position of governmental funds calculated in accordance with generally accepted accounting principles (GAAP) which separates fund balances into five categories:

A. Categories

- Nonspendable Fund Balance is the portion of fund balance that is inherently nonspendable such as assets that will never convert to cash, assets that will not convert to cash soon enough to affect the current period, and resources that must be maintained intact pursuant to legal or contractual requirements.
- Restricted Fund Balance is the portion of fund balance that reflects resources that are subject to externally enforceable legal restrictions.
- Committed Fund Balance is the portion of fund balance that represents resources whose use is constrained by limitations that the City Council has imposed upon itself and that remain binding unless removed by the same action with which the limitations were imposed.
- Assigned Fund Balance is the portion of fund balance that reflects the City Council's intended use of resources.
- *Unassigned Fund Balance* is the portion of fund balance that is not categorized into one of the other categories of fund balance.

The total of the amounts in these last three categories (where the only constraint on spending, if any, is imposed by the government itself) is termed *Unrestricted Fund Balance*.

B. General Policy

Fund Balance should be used only for non-recurring expenditures, major capital purchases, or emergencies that cannot be accommodated through current year savings.

C. Fund Balance Classification

For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first and then unrestricted fund balance. Expenditures incurred in the unrestricted fund balances shall be reduced first from the committed fund balance, then from the assigned fund balance, and lastly from the unassigned fund balance.

D. Committed Fund Balance

Fund Balance of the City must be committed for a specific source by formal action of the City Council. Amendments or modifications to the committed fund balance must also be approved by formal action of the City Council. Committed fund balance does not lapse at year-end. The formal action required to commit fund balance shall be either by resolution or majority vote.

E. General Fund Unassigned Fund Balance

The City shall strive to maintain an undesignated General fund balance equal to 25% of budgeted expenditures for the General Operating Fund. Maintaining the General Fund Unassigned Fund Balance at this level provides sufficient working capital and a margin of safety to address local emergencies without borrowing. If the General Fund Unassigned Fund Balance drops below 25%, it shall be recovered at a rate of 1% minimally each year. At the end of the current fiscal year, the City anticipates a positive budget variance in the General Fund. After determining the desired fund balance in the General fund, the remainder of the positive budget balance will be transferred to other funds and/or projects as directed by the City Council. The General Fund Unassigned Fund Balance shall be appropriated by the City Council either by resolution or majority vote.

F. Other Operating Funds Unassigned Fund Balance; Enterprise Working Capital

In other operating funds, the City shall strive to maintain a positive unassigned fund balance (working capital) position to provide sufficient reserves for emergencies and revenue shortfalls. In addition, the city will seek to maintain a working capital (current assets minus current liabilities) balance equal to 33% budgeted expenditures for the Water and Sewer Utility Enterprise fund.

IV. CAPITAL IMPROVEMENTS

A. Capital Expenditures and Improvements

The City shall annually review and monitor the condition of the City's capital equipment and infrastructure, setting priorities for its replacement and renovation based on needs, funding alternatives and availability of resources.

B. Capital Improvements Program

The City shall annually review the Capital Improvements Program (CIP), potential new projects and the current status of the City's infrastructure, replacement and renovation needs, updating the program as appropriate. All projects, ongoing and proposed, shall be prioritized based on an analysis of current needs and resource availability. For every project, all operation, maintenance and replacement expenditures shall be fully at cost. The CIP shall also present the City's long-term borrowing plan, debt payment schedules and other debt outstanding or planned, including general obligation bonds, revenue bonds, Certificates of obligation, lease/purchase agreements and certificates of participation.

C. Replacement of Capital Assets on a Regular Schedule

The Vehicle/Equipment Replacement Fund is the primary source of funds for all of the City's vehicle and equipment purchases, both replacements and additions. The City shall annually prepare a schedule for the replacement of its non-infrastructure capital assets. Within the resources available each fiscal year, the City shall replace these assets according to this schedule. The City desires to fund all vehicle and equipment purchases through donations, auction proceeds, grant proceeds, and budget transfer from General fund.

D. Capital Expenditure Financing

The City recognizes that there are several methods of financing capital requirements: (1) budget the funds from current revenues; (2) take the funds from fund balance/retained earnings as allowed by the Fund Balance Policy; (3) utilize funds from grants and foundations; or (4) borrow money through debt. Debt financing includes general obligation bonds, revenue bonds, Certificates of obligation, lease/purchase agreements and certificates of participation. The City Council will determine the appropriate use of financing for capital expenditures on an as-needed basis and during the budget development process each year.

V. DEBT

When the use of debt financing is determined by the City Council to be appropriate, the City shall use the following guidelines for debt financing which will provide needed capital equipment and infrastructure improvements while minimizing the impact of debt payments on current and future revenues.

A. Use of Debt Financing

Debt financing, including general obligation bonds, revenue bonds, certificates of obligation, certificates of participation and lease/purchase agreements, shall only be used to purchase capital assets. Debt payments should be structured to provide that any capital assets that are funded by the debt have a longer life than the debt associated with those assets.

B. Amortization of Debt

The City shall structure new debt issue payment schedules to utilize the City's declining debt payment schedules to keep tax increases for debt to a minimum. Capital projects that, by their character or size, are outside the normal core service projects will require careful evaluation of financial feasibility.

C. Affordability Targets

The City shall use an objective analytical approach to determine whether it can afford to assume new debt beyond the amount it retires each year. This process shall compare generally accepted standards of affordability to the current values for the City. These standards shall include debt per capita, debt as a percent of taxable value, debt service payments as a percent of current revenues and current expenditures and the level of overlapping net debt of all local taxing jurisdictions. The process shall also examine the direct costs and benefits of the proposed expenditures as determined in the City's annual update of the Capital Improvements Program. The decision on whether or not to assume new debt shall be based on these costs and benefits and on the City's ability to "afford" new debt as determined by the aforementioned standards. The City shall use cities with similar bond ratings for debt ratio benchmarks.

D. Sale Process

The City shall use a competitive bidding process in the sale of debt unless the nature of the issue warrants a negotiated bid.

E. Rating Agencies Presentations

Full disclosure of operations and open lines of communication shall be made to the rating agencies. City staff, with assistance of financial advisors, shall prepare the necessary materials and presentation to the rating agencies.

F. Continuing Disclosure

The City is committed to continuing disclosure of financial and pertinent credit information relevant to the City's outstanding securities.

G. Debt Refunding

City staff and the City's financial advisor shall monitor the municipal bond market for opportunities to obtain interest savings by refunding outstanding debt.

VI. INVESTMENTS

As adopted by the City Council, it is the policy of the City of Freeport that the administration and investment of funds be handled as its highest public trust. The City's available cash shall be invested according to the City's Investment Policy that is adopted by the City Council on an annual basis in accordance with the requirements of Chapter 2256 of the Texas Government Code. The primary objectives, in priority order, of the City's investment activities shall be preservation and safety of principal, liquidity and yield. The earnings from investment will be used in a manner that best serves the public trust and interest of the City of Freeport.

The investment policy applies to all financial assets of the City of Freeport. These funds are accounted for in the City's comprehensive annual financial report and include the General, Special Revenue, Debt Service, Capital Projects, and Proprietary Funds. All cash of the various funds (excluding bond funds) are combined into the pooled cash fund for efficiency and maximum investment opportunity. Interest revenue derived from the pooled cash fund is allocated to the participating funds (annually) based on the relative cash balance of each fund. Bond funds are invested in separate investment pool accounts. Maintaining these funds in separate accounts simplifies the calculation necessary for the reporting of arbitrage earnings. All funds in the pooled cash fund are to be administered in accordance with this policy.

VII. INTERGOVERNMENTAL RELATIONS

The City shall coordinate efforts with other governmental agencies to achieve common policy objectives, share the cost of providing government services on an equitable basis and support appropriate favorable legislation at the state and federal levels.

A. Interlocal Cooperation in Delivering Services

In order to promote the effective and efficient delivery of services, the City shall work with other local jurisdictions to share on an equitable basis the costs of services, to share facilities and to develop joint programs to improve service to its citizens.

B. Legislative Program

The City shall cooperate with other jurisdictions to actively oppose any state or federal regulation or proposal that erodes municipal authority, attempts to remove local control over city issues, services or programs, or mandates additional City programs or services and does not provide the funding for implementation.

VIII. GRANTS

The City shall seek, apply for, obtain and effectively administer federal, state and foundation grants-in-aid that address the City's current and future priorities and policy objectives.

A. Grant Guidelines

The City shall seek, apply for and obtain those grants that are consistent with priority needs and objectives identified by Council.

B. Direct and Indirect Costs

The City shall recover indirect costs to the maximum amount allowed by the funding source. The City may waive or reduce direct and indirect costs if doing so will significantly increase the effectiveness of the grant.

C. Grant Review

The City shall review all grant submittals for their cash or in-kind match requirements, their potential impact on the operating budget and the extent to which they meet the City's policy objectives. If there are cash match requirements, the source of funding shall be identified and approved prior to application. An annual report on the status of grant programs shall also be prepared.

D. Grant Program Termination

The City shall terminate grant-funded programs and associated positions as directed by the City Council when grant funds are no longer available unless alternate funding is identified.

IX. ECONOMIC DEVELOPMENT

The City shall initiate, encourage and participate in economic development efforts to create job opportunities and strengthen the local economy and tax base.

A. Commitment to Expansion and Diversification

The City shall encourage and participate in economic development efforts to expand Freeport's economy and tax base, to increase local employment and to invest when there is a defined specific long-term return. These efforts shall focus not only on new areas but also on established sections of Freeport where redevelopment can generate additional jobs and other economic benefits.

B. Tax Abatements

The City shall follow the Guidelines for Tax Abatement adopted by the City Council to encourage commercial and/or industrial growth and development throughout Freeport. The City shall balance the long-term benefits of tax abatements with the short-term loss of tax revenues prior to the granting of the abatement. Factors considered in evaluating proposed abatements for development include the location of the project, its size, the number of temporary and permanent jobs created, the costs and benefits for the City and the impact on Freeport's economy and other factors specified in the City's Guidelines for Tax Abatement as well as applicable state laws.

C. Increase Non-Residential Share of Tax Base

The City's economic development program shall seek to expand the non-residential share of the tax base to decrease the tax burden on residential property owners.

D. Coordinate Efforts with Other Jurisdictions

The City's economic development program shall encourage close cooperation with other local jurisdictions to promote the economic well being of the area.

E. Use of Other Incentives

The City shall use enterprise zones as allowed by law and shall seek new sources to encourage business expansion. The City shall also coordinate with state and federal agencies on offering any incentive programs they may provide for potential economic expansion.

X. FISCAL MONITORING

Reports shall be prepared and presented on a regular basis to analyze, evaluate and forecast the City's financial performance and economic condition for the current year and for multi-years.

A. Financial Status and Performance Reports

Quarterly reports shall be prepared comparing expenditures and revenues to current budget for fiscal year-to-date, and to prior year actual fiscal year-to-date. Balance sheets and budget highlight notes are also provided. Timely information including comparisons of expenditures to budgeted amounts shall be provided to all department heads and directors on a monthly basis.

B. Five-Year Forecast of Revenues and Expenditures

A five-year forecast of revenues and expenditures, including a discussion of major trends affecting the City's financial position, shall be prepared. The forecast shall examine critical issues facing the City, economic conditions and the outlook for the upcoming budget year.

XI. ACCOUNTING, AUDITING AND FINANCIAL REPORTING

The City shall comply with prevailing local, state and federal regulations. The City will maintain accounting practices that conform to generally accepted accounting principles (GAAP) as set forth by the Governmental Accounting Standards Board (GASB), the authoritative standard setting body for units of local government. the American Institute of Certified Public Accountants (AICPA) and the Government Finance Officers Association (GFOA). The City Council shall select an independent firm of certified public accountants to perform an annual audit of all operations. The City may participate in the Government Finance Officers Association's Certificate of Achievement for Excellence in Financial Reporting program.

XIII. OPERATING BUDGET

The City shall establish an operating budget that links revenues and expenditures to the goals of the City Council. The City shall strive to participate in the Government Finance Officers Association's Distinguished Budget Presentation Award program.

GLOSSARY OF TERMS

ACCOUNTS PAYABLE: A liability account reflecting amounts on open accounts owing to private persons or organizations for goods and services received by a government (but not including amounts due to other funds of the same government or to other governments).

ACCOUNTS RECEIVABLE: An asset account reflecting amounts owing to open accounts from private persons or organizations for goods and services provided by a government.

ACCRUAL ACCOUNTING: The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether or not cash disbursements are made at that time).

AD VALOREM: Latin for "value of". Refers to the property assessed and tax levied against real (land and buildings) and personal (equipment and furniture) property.

APPROPRIATION: A legal authorization granted by a legislative body (City Council) to make expenditures and incur obligations for designated purposes.

ASSESSED VALUATION: A valuation set upon real estate or other property by a government as a basis for levying taxes.

AUDIT: An examination of an organization's financial statements and the utilization of resources.

BALANCE SHEET: The basic financial statement which discloses the assets, liabilities, and equities of an entity at a specified date in conformity with GAAP.

BALANCED BUDGET: A balanced budget occurs when the total sum of money a government collects in a year is equal to the amount it spends on goods, services, and debt interest.

BASIS OF ACCOUNTING: The modified accrual basis of accounting is followed by Governmental funds, Expendable Trust funds and Agency funds. Under the modified accrual basis of accounting revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the liability is incurred, if measurable, except for principal and interest on general long-term debt, which are recorded when due, and compensated absences, which are recorded when payable from currently available financial resources. Substantially all revenues are considered to be susceptible to accrual.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used for guidance. Intergovernmental revenues are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

The City's Proprietary fund types are accounted for using the accrual basis of accounting, under which revenues are recorded when earned and expenses are recorded when liabilities are incurred.

BOND: A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified date.

BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

BUDGETARY CONTROL: The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available resources.

GLOSSARY OF TERMS (Cont.)

CDBG: Community Development Block Grant – An entitlement grant program authorized by the federal government. The entitlement program is based upon a formula, which includes the City's population.

CAPITAL EXPENDITURES: Expenditures which result in the acquisition of or addition to fixed assets which are individually priced more than \$5,000.00.

CAPITAL IMPROVEMENT PROGRAM: A plan for capital expenditures to be incurred each year over a fixed period of several future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount and the method of financing.

CASH BASIS: the method of accounting under which revenues are recorded when received in cash and expenditures are recorded when paid.

CERTIFICATES OF OBLIGATION (CO'S): Debt instruments secured by the ad valorem taxing power of a city. They do not require voter authorization and usually are issued to obtain short term financing.

CONTINGENCY: A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

CREDIT RATING: The credit worthiness of a government unit as determined by an independent ratings agency.

CURRENT ASSETS: Those assets which are available or can be made readily available to finance current operations or to pay current liabilities. Those assets which will be used up or converted into cash within one year. Some examples are cash, temporary investments, and tax receivables which will be collected within one year.

CURRENT LIABILITIES: Debt or other legal obligation arising out of transactions in the past that must be liquidated, renewed, or refunded within one year.

DEBT: An obligation resulting from borrowing of money or from the purchase of goods or services.

DEBT LIMIT: The maximum amount of gross or net debt legally permitted.

DEBT SERVICE: A cost category which typically reflects the repayment of short-term (less than 5 years) debt associated with the acquisition of capital equipment.

DELINQUENT TAXES: Taxes remaining unpaid on or after the date on which a penalty for nonpayment is attached.

DEPRECIATION: (1) Expiration in the service life of a capital asset attributable to wear and tear, deterioration, action of the physical elements, inadequacy, or obsolescence. (2) that portion of the cost of a capital asset which is charged as an expense during a particular period.

ENCUMBRANCES: Commitments related to unperformed contracts for goods or services used in budgeting. Encumbrances are not expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

ENTERPRISE FUND: A fund established to finance and account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

GLOSSARY OF TERMS (Cont.)

EXPENDITURES: Decrease in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.

FISCAL YEAR: A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. Freeport's fiscal year begins each October 1st and ends the following September 30th. The term FY 2017 connotes the fiscal year beginning October 1, 2016 and ending September 30, 2017.

FIXED ASSETS: Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery and equipment.

FRANCHISE: A special privilege granted by a government permitting the continuing use of public property, such as city streets, and usually involving the elements of monopoly and regulation.

FULL TIME EQUIVALENT (FTE): A quantifiable unit of measure utilized to convert hours worked by part-time, seasonal or temporary employees into hours worked by full time employees. Full time employees work 2080 hours annually. A part-time employee working 1040 hours annually represents a .5 FTE.

FUND: A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE: The difference between governmental fund assets and liabilities also referred to as fund equity.

GAAP - GENERALLY ACCEPTED ACCOUNTING PRINCIPLES: Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

GASB – GOVERNMENTAL ACCOUNTING STANDARDS BOARD: The board is a private, nonprofit organization consisting of seven board members and a full-time staff. Like the Financial Accounting Standards Board (FASB) that sets accounting standards for private companies, GASB is funded by the Financial Accounting Foundation, a nonprofit entity that exercises general oversight over the financial reporting of public entities.

GENERAL FUND: The fund that is available for any legal authorized purpose and which is therefore used to account for all activities except those required to be accounted for in another fund. Note: The General Fund is used to finance the ordinary operations of a governmental unit.

GENERAL OBLIGATION BONDS (GO's): Bonds for the payment of which the full faith and credit of the issuing government are pledged. In issuing its general obligation bonds, the City of Freeport pledges to levy whatever property tax is needed to repay the bonds for any particular year. Bonds cannot be issued without voter approval and are usually issued with maturities of between 15 and 25 years.

GFOA: Government Finance Officers Association. A professional association of state/provincial and local finance officers in the United States and Canada that has served the public finance profession since 1906.

GOAL: A statement that describes the purpose toward which an endeavor is directed.

GLOSSARY OF TERMS (Cont.)

GOVERNMENTAL FUNDS: Those funds through which most governmental functions typically are financed. The acquisition, use, and financial resources and the related current liabilities are accounted for through governmental funds (General, Special Revenue, Capital Projects, and Debt Service Funds).

GRANT: A contribution by one governmental unit to another. The contribution is usually made to aid in the support of a specified function.

 \prod

INTEREST INCOME: Revenue associated with the city's cash management activities of investing fund balances.

INTERFUND TRANSFERS: Budgeted amounts transferred from one governmental accounting fund to another for work or services provided. As they represent a "double counting" of expenditures, these amounts are deducted from the total operating budget to calculate the "net" budget.

INTERGOVERNMENTAL REVENUE: Contributions received from the State and Federal Government in the form of grants and shared revenues.

INTERNAL SERVICE FUND: Internal Service Funds are used to account for the financing of goods or services provided by one department of the city to other departments on a cost reimbursement basis.

INVESTMENTS: Securities and real estate held for the production of income in the form of interest, dividends, rentals, or lease payments. The term does not include assets used in city operations.

LEVY: To impose taxes, special assessments or service charges for the support of city services.

LIABILITY: Debt or other legal obligations, arising out of transactions in the past, which must be liquidated, renewed, or refunded at some future date. Note: the term does not include encumbrances.

LONG-TERM DEBT: Debt with a maturity of more than one year after the date of issuance.

MATURITIES: The dates on which the principal or stated values of investments or debt obligations mature and may be reclaimed.

MAINTENANCE: The upkeep of physical properties in condition for use or occupancy. Examples are the inspection of equipment to detect defects and the making of repairs.

MODIFIED ACCRUAL: The method of accounting under which revenues are recognized when they are both measurable and available to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.

NON-RECURRING: In reference to a supplemental program, that portion of costs or revenues that will only be incurred in the first year of implementation of the program. -O- ORDINANCE: A formal legislative enactment by the governing board of a municipality. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal venue raising measures, such as the imposition of taxes, special assessments and service charges,

status. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

OPERATING BUDGET: The plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending, and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law.

GLOSSARY OF TERMS (Cont.)

ORDINANCES: A formal legislative enactment by the governing board of a municipality. It is not in conflict with any higher form of law, such as state statute or constitutional provision; it has the full force and effect of law within the boundaries of the municipality to which it applies.

PERFORMANCE MEASURE: A performance measure is a quantifiable1 expression of the amount, cost, or result3 of activities2 that indicate how much, how well, and at what level, products or services are provided to customers during a given time period.

PERSONNEL SERVICE: The costs associated with compensating employees for their labor.

PRINCIPAL OF BONDS: The face value of the bonds.

PROPRIETARY FUND: A fund established to account for a government's continuing business-type organizations and activities. All assets, liabilities, equities, revenues, expenses and transfers pertaining to these business organizations and activities are accounted for through proprietary funds. Both Enterprise and Internal service funds are classified as proprietary funds.

PROPERTY TAXES: Taxes are levied on both real and personal property according to the property's valuation and tax rate.

PURCHASE ORDER: A document which authorizes the delivery of specified merchandise or the rendering of certain services and the making of a charge for them.

RECURRING: In reference to a supplemental program, that portion of revenues or costs that will occur each year the program is funded.

REVENUES: Increases in governmental fund type net current assets from other than expenditure refunds and residual equity transfers.

REVENUE BONDS: Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund.

SERVICES AND CHARGES: That grouping of accounts on the general ledger that include such expenditures as professional and contracted services from organizations outside the City, printing and binding costs, utilities, training, etc.

SPECIAL ASSESSMENT: A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

SPECIAL REVENUE FUND: A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

TAXES: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as, for example, sewer service charges.

TAX BASE: The total property valuations on which each taxing agency levies its tax rate.

TAX LEVY: The total amount to be raised by general property taxes for purposes specified in the Tax Levy Ordinance.

TAX RATE: The amount of tax levied for each \$100 of assessed valuation.

TAX ROLL: The certification of assessed/taxable values prepared by the Property Appraiser and presented to the taxing authority.

GLOSSARY OF TERMS (Cont.)

TAXES: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges, for example, sanitation service charges.

TMRS: Texas Municipal Retirement System

TXDOT: Texas Department of Transportation

USER FEES: Charges for specific governmental services. These fees cover the cost of providing that service to the user (i.e. building permits). The key to effective utilization of user fees is being able to identify specific beneficiaries of services and then determine the full cost of the service they are consuming.

WORKLOAD MEASURE: Transactional measure to demonstrate workloads, capacity, and resource utilization. This type of reporting may include the number of transactions performed, hours expended, requests for assistance, number of people trained, etc.

WORKING CAPITAL: The amount by which total current assets exceed total current liabilities.
