

**Boil Water Notice Rescinded
March 04, 2023**

On March 01, 2023, the Texas commission of Environmental Quality required the City of Freeport public water system, TX0200005, to issue a boil water notice for area of FM 1495 and FM 523 north to Hwy. 332 to and including the Bridge Harbor area to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of March 04, 2023.

If you have any questions concerning this matter, you may contact Freeport City Hall at (979) 233-3526 or Veolia at (979) 233-4281.
