Hurricane Watch in Effect

Tropical Storm Nicholas continues to approach the Texas coastline. Nicholas is tracking slightly to the east with landfall between Palacios and Matagorda Bay.

Nicholas is forecast as a Strong Tropical Storm and includes winds up to 74 mph throughout the night and a potential for heavy rainfall and high tide storm surge.

Freeport residents are asked to secure loose items that may become airborne. Please pick up your empty trash carts and any debris.

Public Works Department employees are working through the night to man fixed and portable pumps to address street drainage. Public Safety has increased staffing overnight to address any the needs of the community.

Tomorrow, City Hall will be closed. There will be no trash service tomorrow.

In closing, as strong winds and heavy rain begin, we ask that you stay off roadways particularly those that become flooded.

We will keep you informed through Everbridge Citizen Alert, Facebook and our website, www.freeport.tx.us.

Sincerely,

City of Freeport
